REMARKS

By this amendment, the limitations of claim 4 have been moved into claim 1, and claim 4 has been canceled. These limitations include a plurality of rollers, each rotatable about an axis generally medial to lateral. Although claim 4 was rejected under 35 U.S.C. §102(b) over Alberktsson et al. ('516), the limitation of multiple rollers was not addressed by the Examiner because such a feature is not disclosed by this reference. Accordingly, all claims are in condition for allowance. Questions regarding this application may be directed to the undersigned attorney by telephone, facsimile or electronic mail.

Respectfully submitted,

By: 

John G. Posa
